

Hello Everyone! It is finally Summer!!! We are loving the warm, sunny weather. We plan on having lots of fun outside time to enjoy it!

We have some exciting themes coming up this month, including Fun in the Sun, Pet Shop, Carnival, Sports, Stars and Stripes, Camping, Wild West, Sweet Treats, & Pirates and Mermaids!

We're looking forward to a fun-filled summer packed with water days, bike days, and lots of laughter, learning, and sunshine!

Bike Days begin the first week in June so please bring a bike/scooter for your child to ride on their classrooms designated day

Water Days start the first week as well! Wear swim suits, bring a towel and sun screen!

We will be CLOSED on Friday, July 4th for Independence Day!

Mini Jello Aquariums

Nerds. The regular Nerd, rainbow variety adds a nice colorful touch.

Jello mix. I like the color of the Starburst blue raspberry flavor. It's a lighter blue so the fish and Nerds show up better.

Swedish fish. The lighter, assorted colors show up a little better in the blue Jello water. You can also use gummy sharks, turtles, or any type of aquatic gummy creature!

1. Make Jello per instructions on box.
2. Scoop 1/4 cup of Nerds into each glass.
3. Gently pour the cooled gelatin mixture into each glass.
4. Move glasses to the fridge and refrigerate for 90 minutes or until gelatin has set.
5. Using a butter knife, cut two slits in the top of the gelatin, each near the edge on opposite sides of the glass. This is where you will add your fish. Make each slit just long enough for one fish. Add a fish to each and press down as far as you want it to go below the surface or you can set the fish right on top so they're more visible. If you mess up the top, don't worry! No ocean has a perfectly smooth surface. :)
6. Serve immediately for best results.
